Regional Planning Commission

SRPC Regional Data Snapshot

This document is a component of the SRPC Regional Data Snapshot.

SRPC conducts region-wide analysis of a number of data metrics each year for different projects and plans. The Regional Data Snapshot has been published annually since 2021 in April of each year. The Regional Data Snapshot covers demographics, economic vitality, livability and quality of life, mobility and accessibility, and resiliency.

The Data Snapshot Community Profiles are a complimentary series of documents that summarize the data found in the Regional Data Snapshot at the municipal level. These documents are prepared for each of the municipalities in the region and by chapter of the Regional Data Snapshot.

The Regional Data Snapshot and all of the Data Snapshot Community Profile documents can be found on the SRPC website at <http://straffordrpcnh.gov/measure/data-snapshot>.
